

## PORTO RICO HAS ONE BIG INCOME

Income Tax Collected on One Income of Over \$100,000—Fourteen Between \$50,000 and \$75,000.

San Juan, Porto Rico, Aug. 23.—(Correspondence of The Associated Press.)—One man in Porto Rico had an income in excess of \$100,000 last year, according to income tax returns just announced by the tax bureau of the Insular treasury. This was the largest single income the tax department discovered and it is almost twice as large as the largest individual income reported to the same authorities the year before, when there was but one income above \$50,000 taxed.

Of the largest individual incomes recorded for 1915 there are twenty in excess of \$50,000, and of these twenty, fourteen range between \$50,000 and \$75,000, five between \$75,000 and \$100,000 and one above \$100,000. Sixty-six individuals are assessed on personal incomes ranging between \$20,000 and \$50,000.

In all there are 957 individuals and 131 corporations taxed on income. The total revenue amounts to \$120,000 as compared with \$77,000 for the previous year.

High prices for sugar have been responsible for most of the biggest incomes, officials say, and still larger incomes and more individuals having incomes large enough to be taxed are predicted for the current year.

A. B. Shelburne, public weigher, Red Top St., Bryan, says: "Some time ago my kidneys got out of fix and I suffered severely from back ache. I was so sore and stiff I couldn't bend. The kidney secretions passed very irregularly at times being too frequent, then again scanty and highly colored, containing sediment. Two boxes of Doan's Kidney Pills put my back and kidneys in order."

### ODIA TUCKER INJURED.

Young Man in Charge of Interurban Freight Car Severely Hurt.

As the result of a misunderstanding in signals between Odia Tucker and W. M. Maxwell, motorman on the Bryan & College Interurban, yesterday afternoon about 5:30 o'clock, Tucker suffered some very painful injuries. His right arm was broken between the elbow and wrist and his hip and back were severely wrenched. Mr. Tucker, who is 20 years old, is in the employ of Hardy Newton and Mr. Newton has a contract with the Interurban people in handling the freight car which makes two trips daily to the College. Yesterday afternoon, while the car was being placed at the freight depot at College, in some way the motorman misunderstood Tucker about a signal and the big car was pushed back and caught him between the two, with the above result. The accident, it seems, was unavoidable and it will be hard to place the blame on any one.

After the accident Tucker was given medical aid at once and it was found that both bones in his right arm were broken, and after having same dressed he was carried to his home. Reports today are that he suffered considerably last night with his hip and back, but is doing nicely today.
